

VACUUM EXTRACTION COFFEE BREWER

THE NEXT-32[®]

Powerful. Precise. Versatile.

TRADITIONAL METHODS.
MODERN INNOVATION.

The Coffea NEXT-32 brings the art of vacuum extraction to your countertop, delivering exceptional flavor, consistency and control — in a sleek, professional design.

PURE, CLEAN EXTRACTION

Eliminates unwanted bitterness for a smooth, balanced flavor.

EXCELLENT FOR ICED COFFEE

Make concentrated coffee that's perfect for ice coffee — served directly on ice.

THE MOST ECOLOGICAL

Separates paper from used coffee and is 100% recycled US stainless steel.

CUSTOMIZABLE

Personalize it all — from recipes and strength to branding, colors and more.

THREE LEGENDARY METHODS ONE PERFECT CUP.

THE SIPHON

The magic of the coffee siphon, a vacuum brewer from the 1840s.

THE POUR-OVER

The precision of the pour-over method used in coffee shops all over the world.

THE COFFEA[®]

The results are a perfect, smooth, full-bodied cup of coffee — the Gold Cup Standard.

REAL COFFEE. REAL INNOVATION.
